Chairman Cole called the meeting to order at 7:30 PM.

**COMMUNITY SAFETY BUILDING**

Chairman Cole reviewed the remaining funds in the CSB appropriation, and it appears that there is \$713,903 above and beyond current known obligations. Certain unknown potential situations, such as additional demolition, may impact this number.

**STRATTON SCHOOL**

The Chairman reported that ModSpace, the awarded bidder on the modular classrooms, was disallowed for this project by the Attorney General's office for insufficient bonding capacity and, therefore, the Committee will award the second bidder, Triumph Modular, Inc., and discussions will take place as to a potential price reduction configuring on the site and timing.

Brett Lambert reviewed the LEED performance for the existing documents to see if the intent of LEED for the project is being met. However, he stated that further clarification is necessary.
